

Say It Once More: Order a Teabone?

Henry M. Hoyt of Reno, who is here as one of counsel for defendant in the case of the White Caps versus the Morning Glory companies, is food administrator for the state of Nevada. He said that minute details are being entered into by the administrators.

"Did you ever order a teabone steak?" he inquired of The Bonanza man.

"Not recently," was the reply uttered in deep sadness.

"Well, if you had," continued the administrator, "you might have weighed it before and after taking and you would have found that two-thirds of it remained on the plate. You left the bone, unless you gave it to your dog, and practically all of the fat."

"Now, one of our ideas is that the restaurant man should not serve meat that way. He should retain the fat and bone to use as soup stock or for cooking with vegetables. This is but one of the many matters we are working on. One is to have the restaurant men serve smaller portions and plainly state on their menus that there is no additional charge for repeating orders for side dishes. This will dispense with a large amount of waste that is now taking place."

Within the next ten days the administrators will have an active campaign among the hotel and restaurant men relative to food economy and will take the matter up also with households as far as possible.

MILLER PLEASED WITH MANHATTAN

PRESIDENT OF CONSOLIDATED VISITS A NUMBER OF PROPERTIES IN THE DISTRICT.

J. H. Miller, president of the Manhattan Consolidated Mining company, was a visitor to Manhattan Thursday. He spent considerable time in the Consolidated and stated that it is drifting on the 400 level to pick up the ledge. The heading will have to be advanced about 150 feet farther. The formation in the drift is regular and he looks forward to the encountering of a good body of ore. Assays of the formation near the shaft run in the neighborhood of \$6 to the ton. It is the intention of the management to drift west and pick up the formation near the Amalgamated line.

In the Union Amalgamated Mr. Miller found near the west end line of the Consolidated a body of ore between 35 and 38 feet in width, with average assays of \$14. He thinks it a wonderful showing. He also visited the White Caps Extension-Zanzibar joint shaft, which is now down 270 feet in very promising formation. Mr. Miller speaks in highest praise of the workmanlike manner in which Superintendent Haug is putting down this shaft, which is the largest in the district and probably will be the deepest.

MUST FILE NOTICE TO GAIN EXEMPTION

In order to get a clear idea as to the exact meaning and intent of the Taylor exemption act, which suspends annual work on homesteads and mining claims, with the exception of oil lands, the bill having been approved October 6, District Attorney H. H. Atkinson wired to Acting Assistant Commissioner Parrott and received reply that owners must file in the office of the recorder notice of their intention to hold claims in order to receive the benefits of the act.

ORE FROM NORTHUMBERLAND.

E. W. Schrader and J. Stanish, who are in from Northumberland canyon, have made a shipment of six tons of high grade selected ore to the Western Ore Purchasing company at Goldfield. The property upon which they are leasing is the old Blue Bell, which in the early days produced fabulous sums. It is located between the Smoky and Monitor valleys and is eighty miles nearly north from Tonopah.

WILL NEED RELIEF.

(By Associated Press.) PETROGRAD, Oct. 12.—The Rumanian minister of war thanked Ambassador Francis for American aid. He said: "One Red Cross mission arrived on the Rumanian front but it is only a small part of what we need. Spring may bring more cholera than any other disease. A hundred American relief workers will be needed then."

GAIN GROUND IN FLANDERS.

(By Associated Press.) BRITISH FRONT, Oct. 12.—The British attacking in Flanders have penetrated enemy territory for several hundred yards. The prisoners began coming in early. The Germans were far less formidable than the enemy has been previously, owing to disorganization from recent blows. The mud was troublesome to the British.

NEXT FRIDAY T. A. R. WILL HOLD A FETE

EVERYBODY EXPECTED TO BE AT THE AIRDOME ON THAT EVENING.

One hundred and twenty children, each wearing a cap and carrying a flag, will march at the T. A. R. fete next Friday evening at the Airdome. They will be led in the figures they will execute by Helen North and Marshall Brown. Next in the line of march will come a large model of the ambulance savings bank in use by the regiment. This is being constructed of wood by Mr. Chapman and will be carried by Hugh Brown, Frank Gregory, Tommy Fitzgerald and Jack Case. The children are being trained by Mrs. Bert Whitney and their march is going to be a surprisingly clever and pretty feature. It will take place early in the evening, so don't be late and miss it.

NEW OFFICIALS ELECTED.

(By Associated Press.) ST. PAUL, Minn., Oct. 12.—J. A. Gruber, vice-president in charge of traffic, will assume the duties of general manager of the Great Northern railroad, it was announced at the close of the annual meeting of the stockholders and directors. This was the only change announced.

L. W. Hill, William B. Dean, F. E. Weyerhaeuser and A. B. Kepburn were re-elected directors for three years.

GREAT FLOOD IN CHINA.

AMUSEMENTS

DAUGHTER OF THE GODS TO-NIGHT

"A Daughter of the Gods," had as the last word in magnificent moving picture sensations, is announced as the attraction at the Butler theater tonight. In this picture beautiful, featuring Annette Kellermann, William Fox, its creator, has spent \$1,000,000 in making it something that must stand for a long time to come as an epoch making event in the world of reel life. Some of the sea pictures in which Miss Kellermann figures, with 200 mermaids, for beauty of composition, lighting and

ANNETTE KELLERMANN, GREATEST WOMAN SWIMMER AND STAR OF WILLIAM FOX \$1,000,000 PICTURE

general artistry, have never been equaled either on the screen or the painted canvas.

Some idea of the magnitude of the undertaking may be gained from the knowledge that 20,000 persons, 5,000 horses, a fleet of steamships and an entire island were needed to properly stage this titan of pictures.

No area in the United States proved large enough, or suitable, for the purpose of proper production, so Mr. Fox located from the British government an entire island at Kingston, Jamaica, in order that no detail might be left out of this perfect film.

TRYING TO AVERT STRIKE.

(By Associated Press.) SAN FRANCISCO, Cal., Oct. 12.—A conference is being held to avert a threatened strike. Five thousand Pacific telephone employees are demanding a dollar a day increase. This would affect the company's lines from Vancouver to San Diego.

Superintendent Fullerton denied that the men had issued an ultimatum calling a strike Monday unless the demands were granted. He said he was hopeful of averting it. It was declared that a referendum vote of the different locals affiliated with the electrical workers' organizations favored a strike unless the demands were granted.

DISORDER IN REICHSTAG.

(By Associated Press.) LONDON, Oct. 12.—A dispatch to the Central News from Amsterdam says that at the conclusion of Admiral Von Capelle's statement in the Reichstag on the mutiny in the German navy there were signs of a most disorderly character, the shouts from the other deputies being heard loud above the furious interruptions of the Socialists.

LOWER WHEAT RATE.

(By Associated Press.) SAN FRANCISCO, Cal., Oct. 12.—Stimulation of California production and encouragement of importation of Australian wheat for reshipment to Europe is the motive for reduction, the Southern Pacific announces, on wheat and flour shipments from San Francisco to the Gulf of Mexico. This affects only European consignments. The new rate is 60 cents a hundred for carload lots.

LICENSED NAVIGATORS.

(By Associated Press.) SAN FRANCISCO, Cal., Oct. 12.—George Rumble and S. D. Cox of San Francisco and M. A. Rower of Crockett are the first Pacific coast seamen to win berths in the new American merchant marine. They completed the free navigation course and were licensed today.
